The [Committee to End Homelessness in Victoria](#) are activists who have been meeting since 2006. We bring together homeless, formerly homeless, and housed allies to find solutions and press for change. We challenge the actions of our politicians, bureaucrats, service providers and the police. We listen to the concerns voiced by people living on the streets and others who experience homelessness in Victoria, and we promise to take action by bringing their concerns to the attention of those who can act and make a positive difference in their lives.

The [Greater Victoria Coalition to End Homelessness](#) is a partnership of local service providers, non-profit organizations, all levels of government, and the business, post-secondary and faith communities. The Coalition's mission is to end homelessness in Greater Victoria by 2018.
